6. [redacted] Talked with Senator Stennis who indicated he would like an informal ten or fifteen minutes briefing on the general situation in Malaysia and as that situation relates to Southeast Asia picture. A time was set for ten o'clock on Wednesday, the 21st of April.

I also inquired of the Senator what his current plans were for the confirmation hearings. He stated that while he did not wish to make it firm, he wanted to use 22 April as a target date. He stated he would look into the matter and discuss it with me on Wednesday.
